

We believe that **ALL** students can
succeed in Maths.

It doesn't matter where you come
from **everyone can** do maths.

Learning maths is just like learning how to ride a bike or learning how to swim....

3 key things will help you:

1. PRACTICE

2. MAXIMUM EFFORT

3. BELIEVE IN YOURSELF

Change your way of thinking....

There is no such thing as a
None of my family are
'maths person'. Everyone
good at maths, we are
is capable of learning
into sports and art.
maths

Glen Johnson

This footballer who has played for Liverpool and England is studying for his maths degree.

Change your way of thinking....

Sometimes it will be hard
I give up. It's too hard
but I need to keep trying
and I keep getting it
and practising and I will
wrong.
get there.

Rachel Riley

“I used to get dumb blonde comments but not anymore.”

Maths myths

Speed is **NOT** important.

Teachers

d in who

who tal

thinkers
onsider

We **expect** you to make **mistakes**.

Mistakes are **important**.

They help **grow your brain**.

We expect you to **THINK**.

Your teacher will not do all the
thinking for you.

It is **your job**.

If you are not thinking,
you are not
learning.

Change your way of thinking....

Questions are
Asking questions
really important.
